TricksterU Halloween Event

Patch Notes - October 2026

Patch Notes

Siren Song

Radius increased at level 10 and at Mastered.

Fan of Knives

Radius increased at level 10 and at Mastered.

Rain of Hammer

Damage slightly increased at all levels.

Item weight

Every item that weighed more than 25 now weighs 70% less.

Tower of Chaos

Floors 44, 56 and 72 now give more EXP and have many more monsters.

What the weight change means for you

You can carry a lot more. A sword that weighed 100 now weighs 30. A hat that weighed 45 now weighs 13. Nothing drops below 5. Items that already weighed 25 or less did not change.

What changed on each floor

- Floor 44 gives about a third more EXP per kill, and there are now 210 monsters on it instead of 80.
- Floor 56 gives about 13% more, and goes from 170 monsters to 215.
- Floor 72 gives 10% more, and goes up to 210 monsters.

TricksterU Halloween Event

Step 1 - How to get to the Amusement Park

Step 1 - Talk to Monkey_T

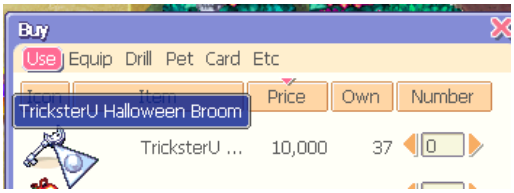

Monkey_T is standing in Megalopolis Square. He is the shop that sells the ticket to the event.

Step 2 - Buy the TricksterU Halloween Broom

It costs 10,000 Galders. Double-click the broom in your inventory and you will be sent straight to the Closed Amusement Park. You can buy as many as you want.

Price: 10,000 Galders

Who can do this event?

Everyone from level 30 and up. The three quests are open to every class and every level, so you can join in whatever you are playing and however far you have got.

TricksterU Halloween Event

Step 2 - The three quests at the Amusement Park

All three NPCs are in the Closed Amusement Park. Minimum level 30. Each quest can be done 99 times.

Shaman Girl Jia

Monster Quest - "Taming the Apprentice Witches"

WHAT SHE ASKS FOR

Defeat Apprentice Witch Pam x75, within 20 minutes

WHAT YOU GET

Halloween Box x3

Corvid Random Box x2

Knox set box dark (S) 140 x1 + Dark Knox set box (C) 140 x1

The witch is level 140 but only has 5,000 HP. Anyone can kill her.

Coward Craven

"Clearing out the Witch Staffs"

WHAT HE ASKS FOR

La Befana's Staff x75

WHAT YOU GET

Halloween Box x3

Corvid Random Box x2

Dark Knox set boxes (P) 140 x1 + Dark Knox set box (M) 140 x1

Apprentice Witch Pam drops the staff 100% of the time, so 75 kills is all you need. That means you can run Shaman Girl Jia's monster quest and pick up the staffs on the way, and finish both quests at once.

Mint

"Trick or Treat Again!"

WHAT SHE ASKS FOR

Halloween candy x10

Halloween cookie x10

WHAT YOU GET

1 Mil Galder Check x1

Halloween candy and Halloween cookie both come out of the Halloween Box, which is the reward from Jia and from Craven. Do those two quests first, open your boxes, then come to Mint. See page 7.

Find the way out to the Secret Garden

The Amusement Park is a maze. Walk it until you find the portal that leads to the Closed Amusement Park - Secret Garden. Witch La Befana is waiting there.

Talk to Witch La Befana

She will send you to Halloween Square for free. There is no quest to accept and nothing to bring - just talk to her and say yes.

Kill Bloody Torobbie

This one is not for everyone. Bloody Torobbie does not hit very hard, but he has 850,000 HP, so killing him on your own takes a very long time. Bring friends.

850,000 HP party recommended

Bat Halloween Box

The rare one inside the Halloween Box. Five things can come out of it, and we are not telling you what they are.

34.04%	34.04%	19.15%	6.38%	6.38%

One of the five is a pet. Good luck.

Where the candy and the cookies come from

The Halloween Box is the reward from Shaman Girl Jia and from Coward Craven. Open it and you get one of five things: the Bat Halloween Box, or one of the four Halloween sweets. Two of those sweets, the candy and the cookie, are exactly what Mint asks for.

Do Jia and Craven first, open the boxes, then go to Mint.
