Harkon Defense - Quick Guide

Protect the Harkon. Clear stages. Earn coins.

Where to start

Visit Assistant Hunter Poppuri and choose Harkon Defense to enter the lobby.

The basics

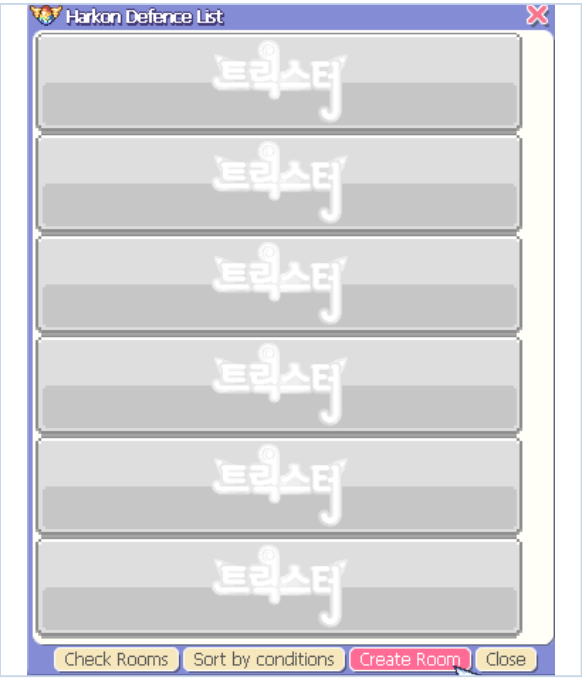

- Harkon Coins are earned as your team completes stages. The farther you progress, the more you can earn.
- Active participation matters. If you contribute to the battle, you can receive coins from the stages completed. Do not AFK.
- Harkon Defense can be played up to 10 times per day.
- If you abandon the battle, you will not receive the Harkon Coin rewards for that run.
- Bring friends. Coordinated teams can clear more stages and earn a lot of Harkon Coins in a single day.

Tip

Call your friends, stay active, and defend the Harkon together!
